RESEARCH EXPERIENCE

Research Assistant to Professor Gregg Colburn, Runstad Department of Real Estate, University of Washington, 06/24-Present

- Work with Dr. Colburn to support various research projects related to housing and homelessness. Projects include an evaluation of Seattle’s Multifamily Tax Exemption (MFTE) program in support its 2025 reauthorization; updating *Homelessness is a Housing Problem*; and a quantitative study assessing the drivers and consequences of growing single-person occupancy.

Research Volunteer, 2023 Homelessness Point-in-Time Count, University of Washington, 03/23-06/23

- Work with PIs Dr. Zack Almquist and Dr. Amy Hagopian to administer the homelessness annual point-in-time count in Seattle and King County, using respondent-driven sampling methods. Duties include coordinating volunteer undergraduate interviewers, managing survey sites, and administering surveys and coupons to individuals living unhoused throughout King County.

Research Assistant to Professor Katherine Beckett, Law, Societies and Justice Department, University of Washington, 06/20-06/21

- Work with Dr. Beckett on a collaborative evaluation of JustCARE, an initiative providing supportive interim housing to people facing homelessness in Seattle. Tasks include survey development and programming in RedCap; conducting qualitative interviews with program participants and staff; qualitative analysis in Atlas.ti; contributing to report write-ups.

Research Assistant, Center for Studies in Demography & Ecology (CSDE), University of Washington, 08/19-12/21

- Work with Dr. Matt Dunbar and Dr. Kyle Crowder to support analysis of neighborhood contexts of health for the environmental core of the Dog Aging Project, a large-scale national longitudinal research initiative assessing factors of healthy aging in companion dogs. Primary duties include geocoding of respondents' residential addresses using R and esri ArcMap software; linking geocoded coordinates to secondary environmental data; data management and storage assistance.

Research Assistant, Creating Moves to Opportunity, John Hopkins University, 06/19-11/19

- Work with PI Dr. Stefanie Deluca in the Creating Moves to Opportunity team evaluation. Primary duties include conducting qualitative interviews with Section 8 housing voucher recipients participating in the CMTO intervention project in Seattle, writing fieldnotes, and contributing to qualitative analysis.

Research Assistant II, Oregon Health & Science University, 09/16-08/18

- Work with principal investigator Dr. Honora Englander on multiple research projects focusing on the effects of the improving addiction care team (IMPACT), a multi-component addiction medicine intervention at OHSU led by Dr. Englander. Primary duties included conducting qualitative interviews with hospital staff and patients; qualitative analysis using Atlas.ti; writing and preparing manuscripts for publication.

Graduate Research Assistant, Columbia University, 09/15-07/16

- Worked with PI Dr. Denise Milstein as a collaborative partner in the design and implementation of a longitudinal sociological research project focusing on the relationship between urban adolescents and green space availability and use. Primary duties included participant observation and survey administration to high school students visiting urban green spaces.

Interview Coordinator, PSU Survey Research Lab, 09/14-08/15

- Worked supervising phone interviews on behalf of local and statewide governmental organizations, trained interviewers, assisted in survey design and analysis.
